

UI Developer Intern Assignment

Motive of this assignment is to evaluate your HTML and CSS skills. Ultimately, we want to understand who you are and what you would bring to the table as a developer.

Task: Landing page website

Your task is to build a simple landing page website. The website should include all of the below sections:

1. Header
2. CTA Button
3. Accordion (FAQ section)
4. Customer Review
5. Footer

You can refer to the below design for more clarity/inspiration:

Pro-tip:

1. Use bootstrap 4 for responsive design
2. Treat each part as a separate component (ex: navbar, hero-section, footer ...)
3. You are free to add your creativity and use images, illustrations...
4. Additionally, development environment setup with SCSS would be a plus.

Last date of submission: 12 May 2021
